## TOWN WARRANT.

---

### STATE OF NEW HAMPSHIRE.

To the inhabitants of the town of Newport, qualified to vote in town affairs :

You are hereby notified to meet at the Town Hall of said Newport, on the second Tuesday of March next, at nine o'clock in the forenoon, to act upon the following subjects, namely :

Article 1. To choose three Selectmen, a Town Clerk, and a Town Treasurer for the year ensuing.

Art. 2. To choose a Collector of Taxes, and all other necessary town officers and agents for the year ensuing.

Art. 3. To raise and appropriate such sums of money as may be necessary for the support of schools, for the payment of the town debt and defraying the interest thereon, and for other necessary charges arising in said town, for the maintenance of the poor, for cemeteries, parks and commons, to improve the same, and for the maintenance of water works, and pass any vote relating thereto.

Art. 4. To see what sums of money the town will vote to raise and appropriate for laying out and repairing highways and sidewalks and building and repairing bridges, and pass any vote relating thereto.

Art. 5. To hear the reports of the Town Treasurer, Board of Selectmen of the town and the report of the Auditors, Agents, Committees or other officers heretofore chosen or appointed, and pass any vote relating thereto.

Art. 6. To see if the town will vote to appropriate the sum of fifty dollars to defray the expense of Memorial Day and pay the same over to the quartermaster of Fred. Smyth Post, No. 10, G. A. R., Department of New Hampshire.

Art. 7. To see what sum of money the town will vote to raise and appropriate for lighting the streets of Newport village and pass any vote relating thereto.

Art. 8. To see if the town will vote to pay Mattie J. Gilman the sum of one hundred and forty dollars for the right of flowage at Gilman pond, and appropriate money therefor.

Art. 9. To see if the town will vote to extend the water main on Canal street, from near the new shoe shop to Sunapee street, and appropriate money therefor.

Art. 10. To see if the town will vote to connect the Cheney and Winter street water mains, through Highland and Prospect streets, and to raise and appropriate money for the same.

Art. 11. To see if the town will vote to connect the water main from the pond, near the Spooner place, with the main on Belknap Avenue, along the Unity road, Pine street and Belknap Avenue, and raise and appropriate money for the same.

Art. 12. To see what sum of money the town will vote to appropriate for the construction of sewers, under the Gustine plan, to be expended during the present year. Also, to see if they will allow the Sewer Commissioners to change the location of the line on Main street, between Pearl street and Belknap Avenue, so that it will enter the Belknap Avenue line, near the railroad crossing, on said avenue, if, after investigation, they think advisable.

Art. 13. To see if the town will vote to discontinue the highway leading from the town line of Croydon to where said road intersects the highway leading to the Frank Cutting place, or pass any vote relating thereto.

Art. 14. To see if the town will vote to buy or lease land and erect thereon a shed for the storage of highway machinery, and pass any vote relating thereto.

Art. 15. To see if the town will vote to build the remaining portion of the extension of Cheney street, so called, leading to Wilmarth Park, as stipulated by the late Harrison Goss, Esq., or pass any vote relating thereto.

Art. 16. To transact any other business that may legally come before said meeting.

Given under our hands and seals at Newport, this 22th day of February, 1899.

## Report of Soldiers’ Aid Committee.

TO THE BOARD OF SELECTMEN AND CITIZENS OF NEWPORT :

At a special meeting of the inhabitants of Newport, held on the 12th day of July, 1898, the sum of \$500.00, or as much thereof as might be needed, was appropriated for the “relief of families of soldiers from this town now or hereafter to be in the service of the United States in the present war with Spain.” The expenditure of this sum was entrusted to the undersigned committee. About a dozen families were enabled to take advantage of the above action, and the total expenditure amounted to \$364.57.

## Report of Board of Health.

---

TO THE BOARD OF SELECTMEN AND THE CITIZENS OF NEWPORT:—

The past year has, fortunately, been distinguished by no severe epidemic or pestilence and the general health of the town has been fairly good, though the death rate is higher than it should be. Typhoid fever and some other zymotic diseases we seem to encounter every year, and this is the more to be regretted since it is within our power to prevent it. Typhoid fever is a distinctly preventable disease. Its cause is filth and the lack of a proper system of sewerage intelligently carried out. This Board earnestly recommends the extension and completion of the Gustine system of sewerage, the plans for which have been purchased by the town, believing that by this course more lives will be saved than by any other sanitary measure possible.

This Board wishes to call the attention of voters to two localities which are in our opinion dangerous to the public health: One is under the Main street bridge, where the sewers from both North and South Main street end. The condition here is most dangerous to the inhabitants of the neighboring dwellings and shops and many complaints have been addressed to this Board. The proper remedy is, in our opinion, the construction of that portion of our sewer system which covers North and South Main street and the outlet to the river. The other and more dangerous point is the mill-pond. For some years past there has been in use a drain or sewer running from Summer street and crossing Sunapee street to the mill-pond. This is dangerous to the public health. A pond within the settled part of a town should be the last place to receive its sewage, and this Board has been looking forward to the time when the Sunapee street portion of our sewer system could be constructed and this menace to health removed. Unfortunately the danger is now increased ten-fold. During the past summer the Board of Selectmen has built a sewer (which is no part of our adopted system) running through a portion of Sunapee street and emptying, together with the above mentioned Summer street drain, into the same mill-pond. Against the remonstrance of the Board of Health the Selectmen have allowed several householders to connect with this sewer and the sewage from these houses is now running into the mill-pond. Of course this state of affairs has been a just subject of complaint to this Board by citizens who live in the vicinity of the pond. It seems to us that the best cure for these evils will be to authorize the Sewer Committee to construct that portion of our adopted sewer system which will drain Sunapee street. Only surface water should be permitted to reach the mill-pond. The

town could better afford to remit all sewer charges to the dwellers on Sunapee and adjacent streets than to allow this pond to be contaminated by sewage and become a permanent source of peril to the health and life of our people.

## Selectmen's Statement.

---

We herewith transmit to the citizens of Newport the annual report, containing all the receipts and disbursements to Feb. 15, 1899. It has been our object to present to the town a plain, simple and as comprehensive a statement of its financial condition as possible.

In making up the inventory we lowered the per cent. as low as possible to cover the legal expenditures. During the year there were some bills presented which had accrued years ago and should have been paid at the time, notably the bill of Geo. W. Cain, for the destruction of his property by order of the Board of Health, on account of small pox in 1895. The Board of Health was unable to come to a settlement and the matter was left to the selectmen, with no better results. It was then left to a committee of three, A. C. Bradley, F. P. Rowell and H. G. Carleton, who approved of a bill of \$306.67. Next the soldiers' aid bill, for subsistence furnished the families of soldiers who enlisted from this town in the war with Spain. The

amount furnished by the committee appointed for that purpose was \$365.57. There was furnished previous to the appointment of this committee and afterward, before the committee began its work, \$32.03. This aid was furnished by the Overseer of the Poor, by recommendation of the Governor, with the opinion that the next legislature would reimburse the town. The total amount expended was \$397.60.

There was a large amount expended on highways during the year, owing to the following causes: The building of the extension of Beech street, from the intersection of Winter street to the residence of Mr. Vaughan; also, the extensive repairs on Canal street, from Sunapee street to the new shoe shop.

Commencing near the residence of Mrs. Sweeney, on Sunapee street, and from that point to the intersection of Canal street, there had existed for a number of years during the summer season a flowage of sewerage and filth that was a shame and a disgrace to any civilized community. Hundreds of people daily passed over and through this public cesspool. The Selectmen and Road Agents for years have been importuned to take measures to abate this nuisance, but up to last spring all efforts had been futile. At that time steps had been taken to petition the State Board of Health to intercede in the matter. This being the case, the Board of Selectmen deemed it advisable to take hold of the matter and put in a tile pipe, connecting it with the sewer at Canal street, which empties into the mill-pond.

The Board of Health at the time opposed the action of the Selectmen and in their report we think that they have indulged in undue amount of criticism. We would respectfully call to their attention the following extract from the Gustine survey, which reads as follows in speaking of the southern system: "This plan leaves Canal, Cross and the easterly end of Maple street as a detached system, where there would be but few connections at present, and probably could be carried directly to the river and mill-pond without objection."

We fail to see why it is that the sewerage of all the factories, shops and mills, with their hundreds of operatives, should be emptied into this pond with impunity, while the sewerage from these few houses on Sunapee street should have such a contaminating influence on Cutting's mill-pond. In all the actions taken by the Selectmen during the past year of which they feel justly proud, it is the manner in which they have abated this public nuisance.

Respectfully submitted,

CHARLES E. STUBBS,	} Selectmen of Newport.

## Auditors' Report.

---

We, the undersigned, auditors of the town of Newport, hereby certify that we have this day carefully examined the foregoing account of the Board of Selectmen for the fiscal year ending February 15, 1899, showing a balance of cash to the credit of said town of fifty-two dollars and eighty-five cents (\$52.85), and find same correctly cast and properly vouched. We further find that all the notes shown by the books to have been issued during the fiscal year for borrowed money, have been redeemed and cancelled.

We further certify that we have totally destroyed by burning coupons from town of Newport bonds due and payable prior to February 15, 1899, amounting to seven thousand six hundred and eighteen dollars and fifty cents (\$7,618.50) as follows, viz:

## Report of School Board.

---

### TO THE INHABITANTS OF NEWPORT SCHOOL DISTRICT:

Your School Board beg leave to submit their annual report for the school year ending July 31st, 1898, as required by law. Your schools have generally made fairly good progress during the year.

The most advanced pupils have been taken from the village primary schools and promoted to a new grade, distinguished as the Fourth, and located in the lower south room in the Central building, which grading has necessitated an additional teacher.

The number of teachers employed during the year reckoning successive teachers employed in the same school as one teacher, is eighteen, of whom two are assistants.

The Truant Officer's annual report contains the following statement with regard to the school children in the district: Number of children between the ages of five and sixteen years, males, 245; females, 222; total, 467. Number working contrary to law, 5; number between 14 and 16 years of age working while schools are in session, 10; number between 12 and 14 years of age working while schools are in session, 9; number between 10 and 12 years of age working while schools are in session, 2.

## SUPPLEMENTARY REPORT.

The committee specially elected to co-operate with the School Board for special work have attended to their duties as follows: They have cemented the basement of the Richards Building, seated the Alumni Hall, furnished the laboratory with fixtures and appliances so that the pupils in chemistry and physics have realized some of the wonders of science; they have graded and fenced the school grounds, and procured additional window shades for the Richards Building.

The Treasurer of the school district will doubtless submit his report in detail, of the receipts and disbursements of the district funds for the fiscal year ending February, 1899, which will render even a summary report of the district finances by the School Board superfluous.

The payment of bills incurred in 1897, and the expense of furnishing the laboratory with apparatus and supplies, have made the expenditures considerably greater than will be necessary hereafter.

Respectfully submitted,

P. A. JOHNSON, Treasurer.

Newport, N. H., February 15, 1899.

---

We, the undersigned, Auditors for Newport Town School District, respectfully submit that we have this day carefully examined the foregoing account of P. A. Johnson, Treasurer, for the fiscal year ending Feb. 15, 1899, showing a balance in his hands due the district, of six hundred and twenty-nine dollars and fifty cents (\$629.50) and find the same correctly cast and properly vouched.

C. M. EMERSON, }  
S. M. RICHARDS, } Auditors.
